**COMMENTS ON STATEMENT
OF REASONS FOR ALLOWANCE**

Dear Sir:

Responsive to the Notice of Allowability mailed November 19, 2007, Applicant submits the following remarks responsive to the Examiner's Statement of Reasons for Allowance.

U.S. Serial No.

REMARKS

In response to the Examiner's Reasons for Allowance in the Office Action dated May 5, 2007, and referenced in the Examiner's Amendment attached to the Notice of Allowability, Applicant believes that a separate Statement of Reasons for Allowance is unnecessary in the present case as the file history sufficiently sets forth the patentable distinctions of claims 2-15, 25, 28 and 29.

The patentability of claims 2-15, 25, 28 and 29 lies in each claim as a whole. That is, a single particular element or feature of a claim does not define the claim's patentability, but rather, it is the combination of elements and the interconnection therebetween that define the invention. The claims cannot be considered to be limited in scope based on this brief statement by the Examiner.

Entry of these remarks is appreciated and Applicant cordially invites the Examiner to respond, should the Examiner disagree.

Respectfully submitted,

Timothy J. Ziolkowski
